

As Memorial Day draws near, we honor the service, sacrifice, and the incredible life of SSG Marc J. Small (1979-2009).

It is in his memory that Small Steps in Speech serves the needs of children with speech and language needs.

Our impact since 2009, all thanks to people like you:

- * \$1.7 million in grants awarded
- * 1400 children helped
- * 49 states represented

We helped the children pictured here, but so many more children need our help!

Please make a donation today in memory and honor of our hero, SSG Marc J. Small!

Thank you for your continued support!
